Grand Haven Retirement Community
201 Franklin St., Eldridge

Monday, May 5, 2008
5-7pm

Grand Haven celebrates the opening of their new townhomes with
Cinco de Mayo flair!

Ribbon cutting at 5pm, with tours, food & beverages to follow. The
celebration takes place in Townhome #313
(accessible by the driveway in back of the facility)

Back to Health Chiropractic
222 N. Second St.

Thursday, May 15 2008
6-8pm

Back to Health Chiropractic is celebrating their grand re-opening at a
new location, just next door to the old office.

The chiropractic office operated at 224 North 2nd Street for years and on their 5th year anniversary
their goal was reached, and that was to move to a bigger location.

'We are so excited to see patients at 222 North 2nd Street. The move is so exciting!' Dr. Jordahl
says, "It is so nice to be established in the community. Eldridge welcomed me with open arms five
years ago; it has been an amazing journey since. I feel like I have seen families grow up and likewise
people have seen my life grow and change with my marriage and our two newest children. I just
wanted to thank the community by having a re-opening party on May 15th from 6pm until 8pm. "

Please come and enjoy hors d'oeuvres and drinks with us.

Mid America Builders was established in 1992 with the first **office opening in Milan, Ill. They specialize in modular "system built" homes, and have been a dealer for All American Homes since 1992.**

Their system built line now includes Ritz Craft Home, and panelized homes with AmWood and Statford Homes. They offer one home for touring at the Milan location.

In 2004, they opened their Iowa office and Model Home Center, with two beautifully decorated and fully furnished model homes.

Many homes in their product line are offered to fit everyone's budget and lifestyle.

Dave and Chris hope to see you soon at their Model Home Center to see what they have to offer.

Lemke Electric was established in 2004 and is owned and operated by Steve and Lori Lemke. The business first started in their home in Delmar, Iowa and has successfully grown throughout the years to a leased office in Davenport and now an ownership office in Park View

Lemke Electric has been an integral part of providing electrical solutions and services for many commercial, industrial and residential buildings locally and in the surrounding areas. Our capabilities include: new construction, service, fire and security **systems. Our primary focus is to increase a building's electrical efficiency and operational performance.**

Our portfolio includes performing new electrical construction work for the Hampton Inn and Dan Dolan Homes, as well as ongoing electrical service work for Valspar and Service Steel. We are also focusing on many new construction projects on the horizon.

Lemke Electric takes pride in the electrical work that we perform. We have over 30 years of combined experience and can assist in every aspect of the electrical sphere.

We are current members of NECA and IBEW Local 145 with licensed electricians and apprentices.

We are excited to be a part of the North Scott Community!

www.HeartlandPaymentSystems.com

Heartland Payment Systems, Inc. (NYSE: HPY) provides credit and debit card, remote deposit capture, payroll and related processing services to restaurant, hotel, business to business and retail merchants throughout the United States.

From a simple idea formulated just over 10 years ago, Heartland has grown into one of the largest merchant processors in the world, processing over \$55 billion of transactions a year for over 160,000 merchants. Our initial idea was to build a new business model that would equip merchants with the tools and knowledge to take control of their merchant processing costs.

Today, through our Merchant Bill of Rights (www.MerchantBillOfRights.com), we are widely recognized as an unrelenting advocate for small and mid-sized merchants and **the industry's leading proponent of transparency, equality and clarity in pricing and strong merchant relationships.**

Heartland's success is the result of the combination of a superior long-term customer relationship sales model and its internally-developed, client-server based transaction processing platform. Heartland delivers tailored solutions to even the most demanding markets such as retail, restaurant, hospitality and community banks. In addition, Heartland has been effective in servicing auto repair facilities, convenience and liquor stores and professional service providers.
